

HKIAS International Conference on Mathematical Analysis and its Applications

4 - 7 November 2025

Interdisciplinary Multi-function Room (AE-040), LG/F Academic Exchange Building, City University of Hong Kong

Professor Annalisa Buffa

EPFL, Switzerland

Professor Beatrice Pelloni

Heriot-Watt University and The Maxwell Institute
for Mathematical Sciences, Scotland

Professor Albert Cohen

Sorbonne University, France

Professor Joachim Rosenthal

University of Zurich, Switzerland

Professor Cristiana De Filippis

University of Parma, Italy

Professor Katharina Schratz

Sorbonne University, France

Professor Alessio Figalli

ETH Zurich, Switzerland

Professor Qian Wang

University of Oxford, UK

Professor Bangti Jin

The Chinese University of Hong Kong

Professor Tong Yang

Wuhan University, China

Professor Alexandru Kristály

Babeş-Bolyai University, Romania

Professor Hai Zhang

The Hong Kong University of Science and Technology

Professor Hongyu Liu

City University of Hong Kong

Professor Jun Zou

The Chinese University of Hong Kong

Organizers: **Professor Habib Ammari**
Hong Kong Institute for Advanced Study,
City University of Hong Kong

Professor Sir John Ball
Hong Kong Institute for Advanced Study,
City University of Hong Kong

Professor Philippe G. Ciarlet
Hong Kong Institute for Advanced Study,
City University of Hong Kong

Professor Alessio Figalli will be giving a HKIAS Distinguished Lecture Series titled "Optimal Transport: From A to B... and Beyond" on 7 November 2025 (Friday) 2:30pm-3:30pm at Interdisciplinary Multi-function Room (AE-040).

~All are welcome!~
